All buses are low floor vehicles (this means they can be lowered to pavement level when the bus stops and the doors open). On most buses the wheelchair ramp is positioned at the exit doors. There is enough room for one wheelchair user on each bus; supporters should be aware that buses can get very congested on matchdays. Most buses run every 4-8 minutes from the city centre with an approximate journey time of 20-minutes. For more information use the TfGM journey planner and accessibility information at **tfgm.com**

If you need general advice on public transport, including bus timetables and journey planning, visit traveline-northwest.co.uk or call Traveline on +44 0871 200 2233 (calls from landlines cost 10p per minute, calls from a mobile phone may vary)

Metrolink

The Etihad Campus stop is directly opposite the City Square Fanzone. There is a frequent service to and from the Stadium on matchdays, both before and after the event. The journey time between the Etihad Campus stop and Piccadilly Gardens stop (city centre) is 11-minutes. Stadium Access

The Etihad Stadium is around 2-miles from central Manchester. The area around the stadium has level access and pavements have dropped kerbs and slab paving. There are accessible rest points around the stadium.

When walking around the local area on matchday, please stick to the pedestrian footpaths only and avoid walking in the road, even if the pavement appears congested. This is particularly important on the Ashton New Road with the amount of fast moving vehicles on the road.

There are five accessible entrances at the Etihad Stadium: D, H, M, S and W doors, all of which are clearly sign posted. For supporters located on Levels 2 and 3, a lift is available at these entrances. The lift at entrance M is inside the stadium and can only be accessed once you have passed through the turnstiles.
